

Dec. 21.—In his annual  
ary of Labor Wilson  
arning note on the in-  
ber of women in indus-  
it is impossible to view  
"without realizing the

headed trade unionist findings of the children's department on the infant babies, other children are by permitting mothers a statement is made father's wage is increased of mothers decline. says: can not leave their nursing without risking an infant double that of babies are able to stay at home.

men need the daily care and suffer in health and they are obliged to themselves are unable to do factory the same time conduct affairs of a household, prompt to do both on the basis to their health and life.

Corruptions are selected to the physical power; they may incur perjury, and in the case of injury which may greatly usefulness and happiness

be borne in mind, in English mothers

with a decent living as-  
sures no appreciable tendency  
of women to work away  
during pregnancy nor  
are neglected.

**"MILITARY UNION."**

c. 21.—Military control of employment of loggers and lumbermen under British General King as the military spruce organization is maintained, previously approved at the convention in Portland, Ore.

is the invention of Gen-eral who told the delegates here that a prison would be established that the legion union outfit. It includes

als and is opposed to  
exp. which it calls the  
The convention forgot  
this question, however,  
manimously that any man  
join the legion in a camp  
as established should be  
short of the state federal  
attended the gathering  
for and made this state-

the four T's have stood  
the legion of lumbermen  
but now we accept the  
representing the "last  
lumbermen's lunacy" pro-  
Rockefeller's bones  
any others established to  
rkers, it is doomed to a  
bath."

Dec. 21.—While organ-  
industry is the order of the  
posite prevails in the clock  
dustry in this city. Em-  
responsible for this con-  
ose of jobbing and sub-  
ing that is spreading to  
corners throughout New  
shops are springing up  
and cut-throat competition

tion naturally affects the President Schlesinger of National Ladies' Garment Union urges ending the sub- bag evil by the elimination k and the introduction of work system, with definite Instead of the present sagging over every sam-

their ancient prejudices  
in remedying conditions.
